Work Experience

Strategic Communications Consultant

Freelance (full-time engagement with client) • Belgium (Remote)

Oct. 2024 – Present

Full-time consulting role supporting a U.S.-based national membership organization on digital strategy, content operations, and platform improvement. Strengthen systems, workflows, and analytics to enhance organization-wide digital communications.

Key Contributions:

- Improved web, email, social, and multimedia platforms to enhance clarity, usability, and engagement.
- Built and refined workflows, dashboards, and reporting tools to enable coordinated, data-driven decisions.
- Delivered CMS development, technical troubleshooting, and maintenance for large, high-traffic digital properties.
- Advised teams on governance, best practices, and operational efficiency across digital functions.

Director of Digital Media

National Association of Counties • Washington, DC, USA

Mar. 2022 – Jun. 2024

Led the digital communications function for a national membership and policy organization, managing a team of four, the communications budget, and all digital channels. Directed digital strategy, platform modernization, multi-channel content delivery, and organization-wide workflows, analytics, and governance.

Key Achievements:

- Oversaw full redesign and migration of a 10,000+ page Drupal website, coordinating across teams and vendors.
- Built and managed a broadcast-quality video studio for weekly and event-based productions.
- Developed content governance systems, project workflows, and cross-department standards.
- Expanded analytics and reporting using GA4, MS Clarity, Power BI, Looker Studio, BigQuery.
- Directed multi-channel communications aligned with national advocacy priorities.
- Strengthened long-term planning, team development, and organizational coordination.

Associate Communications Director

National Association of Counties • Washington, DC, USA

Sept. 2018 – Mar. 2022

Led daily operations of the digital media team and coordinated multi-channel communications across web, email, social media, and video. Strengthened workflows and cross-department coordination, supported major advocacy and public-facing initiatives, and oversaw newsletters and a weekly advocacy video update.

Digital Media Manager / Producer

National Association of Counties • Washington, DC, USA

Apr. 2015 – Sept. 2018

Advanced through two digital roles, supporting the creation of the organization's first in-house digital team and strengthening workflows across web, email, social, and multimedia. Contributed to a major website refresh and produced high-impact digital content—including livestreams and weekly video updates—while providing day-to-day guidance to a digital media associate.
